

Yves

Yves (2019) Jerem è un giovane rapper che si è trasferito a casa della nonna per lavorare al suo secondo album. Un giorno incontra So, misterioso investigatore impiegato nella start-up Digital Cool, che convince il giovane a eseguire il "test Yves". Il progetto consiste nel tenere in casa per due settimane un frigorifero dotato di intelligenza artificiale, in grado di comporre canzoni rap, che li porteranno al successo sul web. Ma chi, tra l'elettrodomestico intelligente e il ragazzo, è la vera star?

 production administrator VALUTAZIONE MINIMA CRITICA DI CATELLO MASULLO : Un film insulso, volgare,
 ammiccante. Senza arte ne’ parte. Certamente indegno di un Festival del prestigio di quello di Cannes.
 VALUTAZIONE SINTETICA : 5
